Attenzione per l'applicazione delle decalcomanie. Ritagliare le decalcomanie accuratamente dai fogli, immergerle in un bicchiere di acqua pulita per circa 10", metterle in posizione sul modello a fessura e premere sulla superficie per una migliore adesione. Completare con una spazzola soffice.

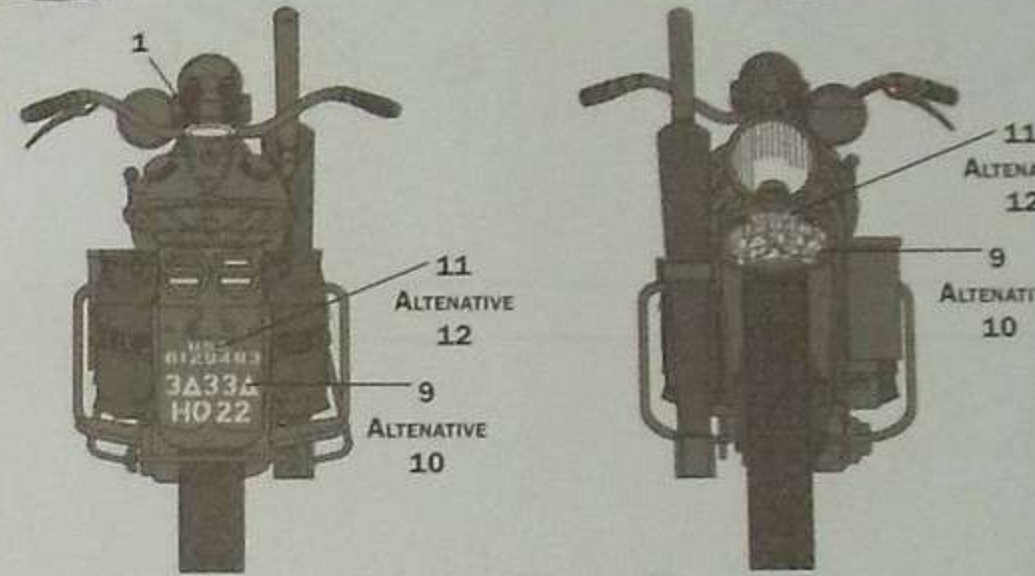

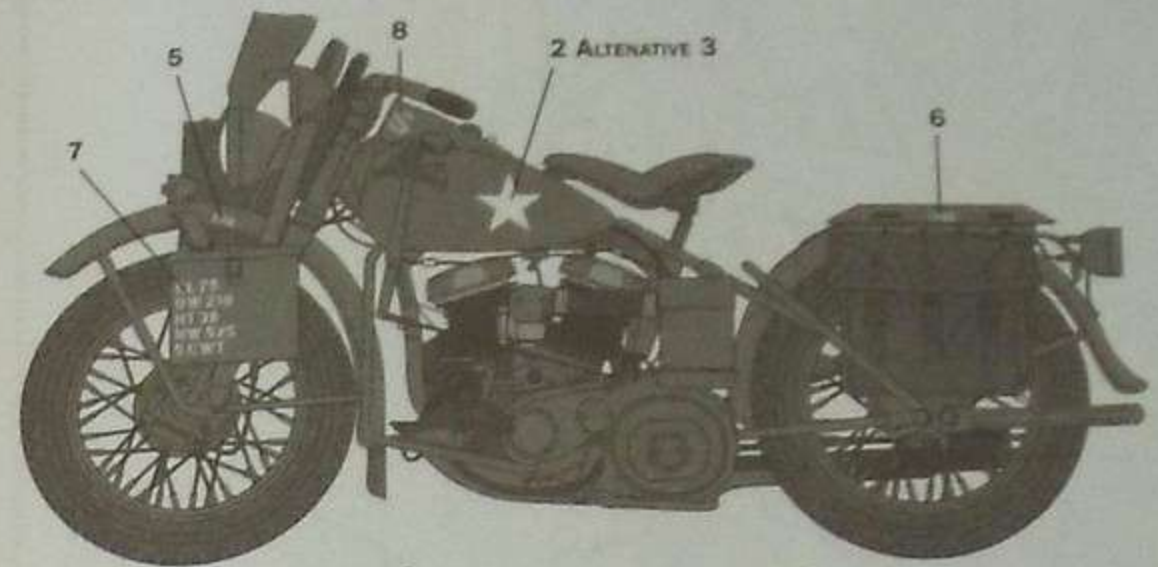

Instructions for applying the decals: Cut the required decals out of the sheets, dip them into a glass of clean water for about 10", position them on the kit, letting them settle into the position. For a better adhesion, press them by means of a clean rag.

Försiktighet vid decalering. Klipp ut den decal som skall användas och doppa den i ett glas rent vatten under en 10". Sätt decalen på plats på modellen och tryck den fast med en ren vit klud. För att den skall sitta ordentligt, tryck till med en ren klud.

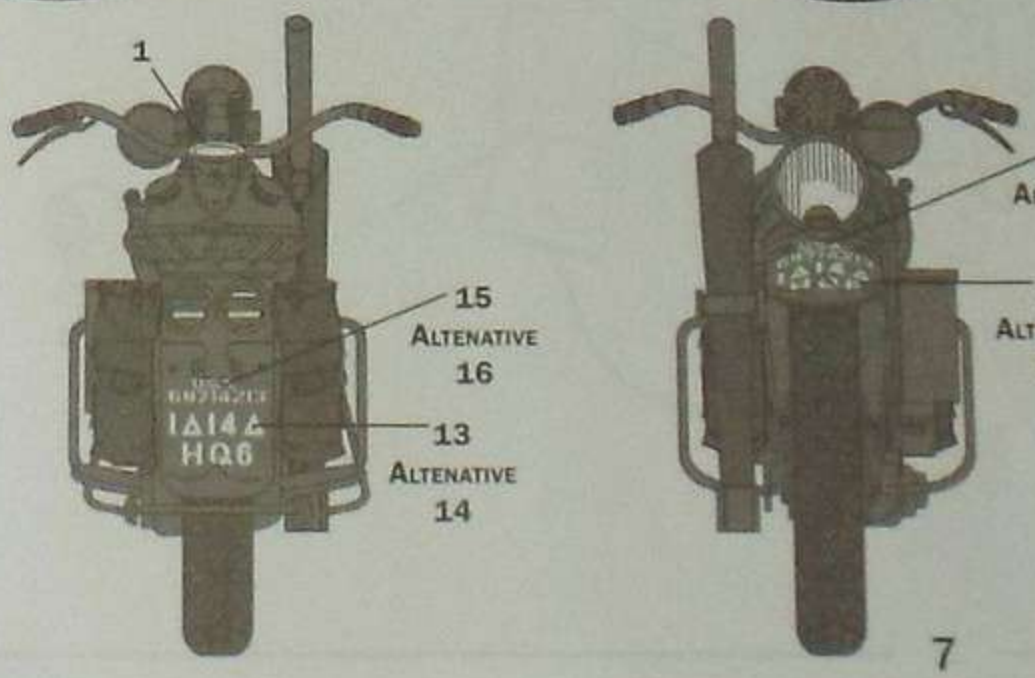

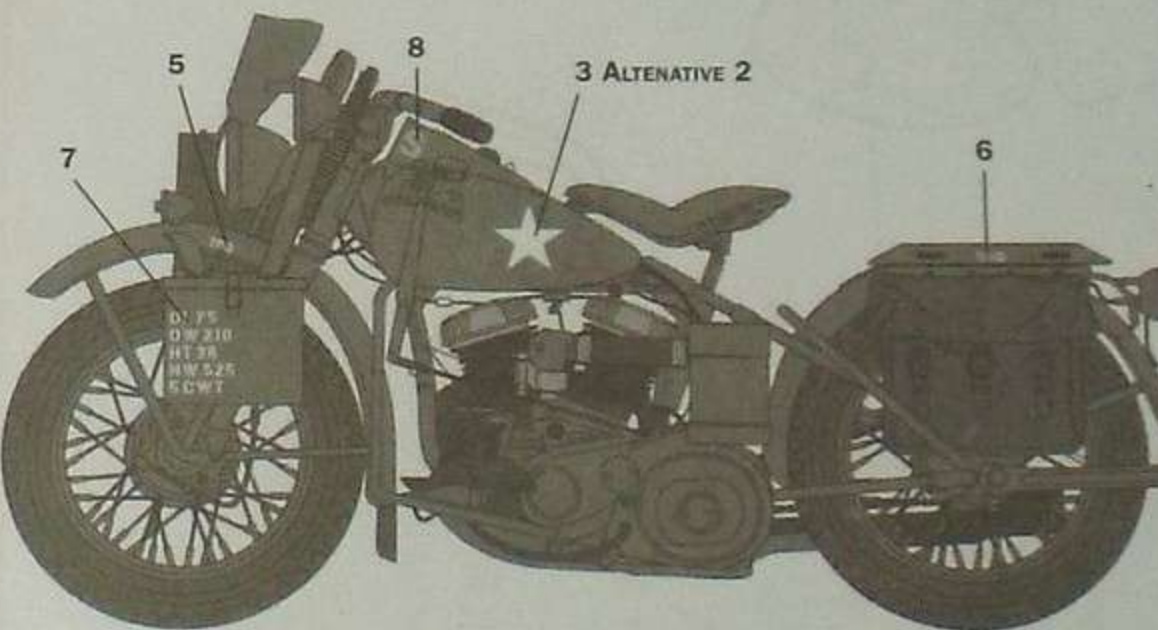

Anweisungen für Abzettstellen-Anbringung: Die benötigten Abzettstellen vom Blatt ausschneiden, in ein Glas reines Wasser für etwa 10" einweichen, auf das Modell legen und dann sanft aufdrücken. Mit einer weichen Bürste die Abzettstellen mit etwas warmen Tuch abwischen.

Instruções para aplicação das decalcomanias: Cortar as decalcomanias cuidadosamente dos folhos, mergulhá-las em um recipiente de água limpa durante 10", colar as decalcomanias sobre o modelo, pressionando-as suavemente com um pano limpo. Para uma melhor aderência, esfregue-as com um pano limpo.
