# DFS 230

scale 1/72

(Unternehmen Eiche)

DFS 230 byl nákladní kluzák německé Luftwaffe během druhé světové války. Vyráběn a vyráběn byl Deutsche Forschungsanstalt für Segelflug (DFS - Německý výzkumný ústav bezmotorového létání) pod vedením konstruktéra Hanse Jacobsse. Německý kluzák se později stal inspirací pro britský kluzák Horsa. V leteckém závodě Českomoravských strojíren v Praze-Karlíně bylo za války vyrobeno die různých zdrojů 450 až 500 kusů těchto kluzáků. The DFS 230 was a German transport glider operated by the Luftwaffe in World War II. It was developed in 1933 by the Deutsche Forschungsanstalt für Segelflug (DFS - "German Research Institute for Sailplane Flight") with Hans Jacobs as the head designer. The glider was the German inspiration for the British Hotspur glider and was intended for paratrooper assault operations.
