COPYRIGHT (C) 2014 CANUCK MODELS

ALWAYS CHECK YOUR REFERENCES!
MARKINGS CHANGE SLIGHTLY FROM AIRFRAME TO AIRFRAME.

VC ERA - 41- 'COUGAR' SQUADRON

NOTE: Due to the limited amount of colour reference materials, the light blue of the 410Sqn stripes is a best educated guess. The colour was selected based on the few colour photos available as well as the known standard RCAF paints available at the time and in use on other aircraft. The modeller may wish to mask and paint a different shade of blue to their preference.

FLASH INSIDE AND OUTSIDE OF BOTH FINS
RED FACES FORWARD BOTH SIDES

PLEASE USE THE
CURRENTLY USED

APPLY BLUE DECAL OR MASK AND PAINT BLUE STRIPE FIRST, THEN APPLY RED PINSTRIPES ON TOP
SLICE BLUE STRIPE AT NOTCHES TO CONFORM AROUND NOSE
